

South RSC 2017 Cultural Sewing Contest Examples:

A.

B.

C.

D.

E.

***Image E** shows that this example has stitching in the front and back of the top piece. However, our pattern can be cut in a horseshoe shape, eliminating the need for stitching in the centre of the front top piece. We also suggest sewing some fake sheepskin (a.k.a arctic fleece) lining onto the sole piece for extra padding and comfort.
